

Student Evaluation Form

Part Two of the Safety Training for the Student Shop

Student: _____ Student Status: _____
(undergrad, grad)

Evaluator: _____ **Pass / 1 Fail 2**

Directions to the Student: After completing part one testing of the safety training on Sakai, (passing with at least 80% on all tests) please contact the Student Shop Manager. He can review any questions you may have about any part one test. Be sure you understand all the questions and answers in part one before attempting the part two test. Some of these test questions are judgment questions. Their answers may not be found in a textbook or manual.

Directions to the Evaluator: After the student has successfully taken part one of the safety training, the student is required to contact you for a review of their grade and should come in during an appointed time to attempt the part two test of safety training. The student should be confident of this material before contacting you and attempting to pass the part two safety test of the Student Shop.

These safety tests are designed to check the ability of the student to answer basic questions taken from the Student Shop Safety Manual & all Student Shop videos.

Information and positive testing of the Student Shop's safety procedures are an important part of our safety training program.

This is the Student Shop of the Pratt School of Engineering. Students from Pratt are allowed to use this Student Shop for designing, manufacturing, and building their projects needed in their course work for a grade. No personal projects are ever allowed.

Furthermore

I have read, understood the safety rules and operation of ALL equipment provided in the Student Shop. I have watched the Safety and basic operation videos for the machines in Student Shop. I will follow all safety regulations indicated while working in the Student Shop. I understand that not following all the protocols contained in the Safety Manual will result in penalties (badge punches, suspension of shop access, etc.) and could also result in personal injury or other unwanted consequences. I agree to abide by all the rules & regulations of the Student Shop. I accept personal responsibility for my work and actions in All areas/rooms of the Student Shop.
